- Each team will be given 5 minutes to present and 5 minutes for Questionnaire.
- **Plagiarism will not be tolerated.**
- The decision by the organisers is final.
- Surprise element:

Problem Statement

“We all love to use Discord for hefty gaming. More often than not, we all love to kick back, relax and have a chill evening with our friends. Your task is to make a bot, for our server, which will help us play the game Snake and Ladders on a Discord channel using commands or over text.”
